

Yanni Kaloudis
Trustee since 2016

Role on Current Board

Yanni is the former Corresponding Secretary for the HTA and is a frequent volunteer at various HTA events throughout the year. He has been particularly involved in the beach entrance plantings and in bringing in new members to join the HTA.

Connection to Holgate

Yanni's first impression of Holgate dates back to 1978, which is when he was born. The house he, his wife Arlene, and their young son live in now is the same one his parents purchased in 1974, making him one of many second-generation owners on the island. Many neighbors here have come to know Yanni as the lead admin on Holgate Update, the Facebook group that currently hosts over 5,000 people with ties to Holgate.

Professional Experience

When not debating the merits of Taylor Ham versus Pork Roll, Yanni works as the District Sales Coordinator for a team of independent insurance agents. His drive and outgoing personality contribute to his ability to bring in new customers for his business and new members to the HTA.

Personal Profile

Yanni grew up in Wayne, New Jersey but spent nearly as much time, if not more, in Holgate. His degree in Culinary Arts shows itself every year at the HTA's annual BBQ, where he is the event's Grillmaster par Excellence. Today, he and his family live in Westwood, NJ, which is supposedly two hours from LBI, but it really depends on the Garden State Parkway traffic.

Why I Became a Trustee

"Holgate and the island are my connection to my parents, and I plan on making it the connection for my son and his family one day. I became a Trustee because I want to help make Holgate even better for him, and for my neighbors."
